REIKI

These are the Principles of Reiki:

Just for today, I will give thanks for my many blessings.

Just for today, I will not worry.

Just for today, I will not anger.

Just for today, I will earn my living honestly.

Just for today, I will honor and be kind to every living thing.

Reiki is a spiritual practice developed in the 1920's in Japan by a Japanese Buddhist named Mikao Usui, and has been passed down by Reiki Masters of many faiths through the years since then. It is described by adherents as a holistic therapy which brings about healing on physical, mental, emotional and spiritual levels.

Reiki students learn their training in three levels: scanning the body, hand placements, and symbols which form a temporary connection between the practitioner and the recipient.

No instruments or medications are used; instead, a technique called palm healing allows the practitioner to transfer healing energy. Hands are placed very lightly in conjunction with energy lines and the seven major chakras (energy points) on the body.

Reiki healing practices are used to complement conventional medicine. At no time should it be used as a substitute for serious conditions, but rather to complement conventional medicine.

The standard rate for Reiki is three dollars per minute. Because our wellness center aims to please the patient, we are offering it for only a dollar a minute with a minimum of service for 30 minutes!

In three years, Mrs. Nora Nix completed the Master Teacher Level Course in the Usui System of Natural Healing in 2012, under the guidance of Raine Barjkana, a Master and Teacher. Barjkana's family background includes other amazing women who teach and heal.

Mrs. Nix is a professional dedicated to the Reiki practice and its ability to support the body's natural ability to heal itself.
